PERISTALTIC PUMP

LOW PRICE, MAINTENANCE FREE

Available in 6 or 8 rollers versions. Changing of the flow rates is done by changing of the tubes of varying sizes. Fixed speed synchronous motor. Pump is possible to fix on the mounting rack via rod. Two models are available: as OEM without box (4 holes on the front panel are for fixing the pump) or assembled in the box with power-supply switch and supply adaptor.

Parameters:

Pump rollers	6 resp. 8
Speed rpm	30 resp. 60 min ⁻¹
Flow-rates	0,5 - 10 ml/ min
Max. pressure	0.1 MPa
Dimensions	80x90x100 mm
Weight	750 g
Mains connection	12 V AC/ 0,5 A
